Church,

I was in Montgomery several years ago when they had completed a 6 year, \$35 million renovation of the old capitol building. The state bank located inside the building closed during the renovation for its own restorations. It re-opened when the capitol building did.

The bank vault, with its 21-inch stainless steel walls could now store as much as \$5 billion in securities. The vault is located in the basement of the capitol and is considered the second safest in the state, rated only behind the vault of the Federal Reserve in Birmingham.

Once there was a security problem with the state bank in Montgomery. In the 1880's a man by the name of "Honest" Ike Vinson was elected State Treasurer for 3 terms. He was very popular, but he did not stay honest. One Monday state employees found money missing out of the state vault and no "Honest" Ike. They later caught him but never did recover the money.

"Honest" Ike was not so honest after all. The real test for Christians is not the name we bear, but the life we live. The world is hungry today to see people who walk like they talk. Jesus has a lot to say about this in Matthew 7:21.

God has renovated our lives and he has given us all of our resources. When it comes to our finances He has much to say about what to do with His resources. Giving 10% does not make us "honest" but it does make us "obedient".

I want to challenge us today at ICBC to be known as obedient. Check our giving against our income and let's become honest.

See you at the "obedience" place.

? QUESTIONS ?

What does the judgement look like? How can I be sure that I'm eternally secure?

How can I know the will of God? Why does God allow bad things to happen?

Can a person ever lose their salvation? Is there a sin God will never forgive?

Where do angels come from & what do they do? **???**
